

THE BAD NEWS:

New York State has the **highest property taxes in the nation. Period.**

- By total dollars paid – 3 out of the 4 counties with the highest property taxes in the nation are in NEW YORK.
- By a percentage of home value – 13 of the 15 counties with the highest property taxes in the nation are in NEW YORK.

THE GOOD NEWS:

We can do something about it. Thanks to Governor Cuomo and the State Legislature, we have already **CAPPED** property taxes. We now have the opportunity to **CUT** property taxes.

WHAT YOU CAN DO:

Call your state legislator TODAY and tell them to support Governor Cuomo's plan to **CUT** property taxes for New York families.

Assembly: (518) 455-4100

Senate: (518) 455-2800
